RECENT EXPERIENCE

HG Center

Oct 2023 - Present | HR & Organization Advisor · ICF PCC Executive Coach

- Support startups and growing companies with organization diagnosis, HR foundations, performance mechanisms and manager development; provide global leadership coaching through BetterUp.
- Translate organization diagnosis, performance mechanisms, critical talent and leadership challenges into action through advisory and coaching engagements.

HAOMO.AI

Jun 2021 - Sep 2023 | HR Director · Beijing HRBP Leader

- Supported Beijing product and engineering team growth from approximately 200 to 400-500 people, connecting critical hiring, team structure, onboarding and cross-location coordination.
- Helped implement OKR and performance mechanisms from CEO goal-setting to management reviews and tool-based tracking; contributed to R&D role boundaries and talent allocation.
- Developed 30+ managers, supporting technical experts transitioning into management through goal-setting, feedback, delegation and cross-team coordination.

Alibaba Cloud

Jun 2020 - Jun 2021 | HR Business Expert · Key Account HRBP

- Partnered with sales and presales teams to align critical talent, performance accountability and collaboration with business growth.
- Supported a new leader in building trust and an operating rhythm; aligned people actions with business goals, critical populations and intended outcomes.

EARLIER EXPERIENCE

DiDi

Oct 2017 - Jun 2020 | HRBP Manager

- Supported organizational change, complex employee relations and performance governance while maintaining team stability during business transformation.

LeTV

Aug 2015 - Oct 2017 | Talent Development Manager

- Built leadership, talent and operating mechanisms during global expansion and organizational restructuring.

Lenovo

Jul 2011 - Aug 2015 | Organization Development Consultant

- Contributed to Motorola acquisition culture integration and global management, high-potential, graduate trainee and onboarding programs.

INDEPENDENT WORK & RESEARCH | 2026

Founder OS / Organization Diagnosis Copilot

Knowledge framework & local prototype

Turn ambiguous organizational problems into clarifying questions, issue classification, framework matching and a 30-day system experiment.

IC / Manager Transition Workbench

Static front-end MVP

Connect an initial diagnosis, seven days of action, management scenarios, conversation guides and reflection for new managers.

Global Labor Law Directory

Static information tool

Organize country and jurisdiction navigation around official labor-law and government sources for international HR research.

These projects are knowledge frameworks, local prototypes or static MVPs. The IC-to-Manager Coach uses a rules engine without a live LLM API. Ongoing research examines founder decisions, leadership patterns and organizational mechanisms.
